We also held a Power Presentation and Quiz competition to discover and encourage hidden talents of our students. We conducted class wise and house wise assemblies to help students develop their skills and maintain the discipline. Thought for the day was given to the students to motivate them every day.

Our teachers are the best-trained professionals. Their love and care nourished our students' holistic growth and intellectual development. Our teachers were trained regularly and sharpened by professionals to bring out the best in them.

The patriotic zeal among students was developed, through celebrations such as Independence Day, Gandhi Jayanti, and Republic Day. Other celebrations such as Environment day, Reading Day and Teacher's day to share with the students the true message of life.

The school conducted elections to let the students choose their own leaders and help the students to understand the moral values of democracy.

Soon after the examinations, open house meetings were conducted to strengthen the parent - teacher bond.

Various External Examinations like, MTSE, ELPSE, Ujjwal Pradipa, camp exams and Olympiad examinations were conducted to enhance the knowledge of students.

We conducted sports day to discover and appreciate the physical talents of students. The major objective to develop a positive sportsman spirit within everyone. We also have CCA sessions every Wednesday to help students develop their talents.

Students are given a chance to express their talents through talent show every year.

With the same objective we also provide the students to perform on stage on annual day and in our youth festival Arushi.
